

State of Nevada List of Reportable Diseases

Nevada Reportable Diseases

Amebiasis	Legionellosis
Animal bite from a rabies-susceptible species*	Leptospirosis
Anthrax*	Listeriosis
Arsenic	Lyme Disease
Exposures and Elevated Levels	Lymphogranuloma venereum
Babesiosis	Malaria
Botulism*†	Measles (rubeola)†
Brucellosis	Meningitis (specify type)
Campylobacteriosis	Meningococcal Disease*
<i>Candida auris</i>	Mercury: Exposures and Elevated Levels‡
CD4 lymphocyte counts <500/μL	Mpox (also known as monkeypox)
Chancroid	Mumps
Chikungunya virus disease	Outbreaks of Communicable Disease*†
Chlamydia	Outbreaks of Foodborne Disease*†
Cholera	Pertussis
Coccidioidomycosis	Plague*†
Coronavirus disease 2019 (COVID-19)	Poliomyelitis†
Cryptosporidiosis	Psittacosis
Cyclosporiasis (parasite)	Q Fever
Dengue	Rabies (human or animal)*†
Diphtheria†	Relapsing Fever
Drowning‡	Respiratory Syncytial Virus (RSV)
Ehrlichiosis/anaplasmosis	Rotavirus
E. coli O157:H7	Rubella (including congenital)†
Encephalitis	Saint Louis encephalitis virus (SLEV)
Enterobacteriaceae, Extraordinary occurrence of illness - Carbapenem-resistant (CRE), including Carbapenem-resistant Enterobacter spp., Escherichia coli and Klebsiella spp.	Salmonellosis
Exposures of Large Groups of People‡	Severe Reaction to Immunization
Extraordinary occurrence of illness*†	Shigellosis
Giardiasis	Spotted Fever Rickettsioses
Gonorrhea	Streptococcus pneumoniae (invasive)
Granuloma inguinale	Streptococcal toxic shock syndrome
Haemophilus influenzae (invasive, any type)	Syphilis (including congenital)
Hansen's Disease (leprosy)	Tetanus
Hantavirus	Toxic Shock Syndrome
Hemolytic-uremic syndrome (HUS)	Trichinosis
Hepatitis A, B, C, delta, unspecified	Tuberculosis†
Hepatitis C, negative results	Latent Tuberculosis, report of positive TST/IGRA
Human Immunodeficiency virus infection (HIV)*	Tularemia*
HIV Stage 3 (formerly known as Acquired Immunodeficiency Syndrome [AIDS])*	Typhoid Fever
HIV, negative results	Varicella (chicken pox)
Influenza	Vancomycin intermediate Staphylococcus aureus (VISA) and Vancomycin resistant Staphylococcus aureus (VRSA) Infection
Lead: Exposures and Elevated Levels	Vibriosis, Non-Cholera
	Viral Hemorrhagic Fever*
	West Nile Virus
	Yellow Fever
	Yersiniosis
	Zika virus disease

* Must be reported immediately

† Must be reported when suspect

‡ Reportable in Clark County Only

All cases, suspect cases, and carriers must be reported within 24 hours

State of Nevada

Confidential Morbidity Report Form Instructions

Disease Reporting

The Nevada Administrative Code (NAC) Chapter 441A requires reports of specified diseases, food borne illness outbreaks and extraordinary occurrences of illness be made to the local Health Authority. The purpose of disease reporting is to recognize trends in diseases of public health importance and to intervene in outbreaks or epidemic situations. Physicians, veterinarians, dentists, chiropractors, registered nurses, directors of medical facilities, medical laboratories, blood banks, school authorities, college administrators, directors of childcare facilities, nursing homes, and correctional institutions are required to report. Failure to report is a misdemeanor and may be subject to an administrative fine of \$1,000 for each violation.

HIPAA and Public Health Reporting

HIPAA laws were developed so as not to interfere with the ability of local public health authorities to collect information. According to 45 CFR 160.204(b): "Nothing in this part shall be constructed to invalidate or limit the authority, power, or procedures established under any law providing for the reporting of disease or injury, child abuse, birth, or death, public health surveillance, or public health investigation or intervention."

Instructions for Completing the Morbidity Report Form

Source Information

Provider Name/Phone Number

The physician primarily responsible for the care of this patient

Person Reporting/Phone/Fax

Provide if different than attending physician

Facility/Organization

List the locations for facilities with multiple locations.

Report Date

The date that this report is submitted

Patient Demographic Data

Sufficient information must be provided to allow the patient to be contacted. If insufficient information is provided, you will be contacted to provide that information. Attaching a patient face sheet to this report is an acceptable method of providing the patient demographic information.

Address/County/City/State/Zip

The home address of the patient, including the county

Date of Birth / Age

The patient's date of birth or age if birthdate is unknown.

Parent or Guardian Name

For patients under the age of 18, the name of the person(s) responsible for the patient

Phone

The home phone of the patient

Occupation / Employer / School

The occupation or employer of the patient, or the name of the school attended for students

Social Security Number

This information greatly assists in the investigation of cases, allowing easier access to laboratory and medical records.

Medical Record Number

A patient identifier unique to the facility or office

Gender / Sex Assigned at Birth

The current gender of the patient and the sex assigned at birth

Pregnant / Pregnancy EDC

The pregnancy status of the patient and their estimated date of confinement (projected delivery date)

Marital Status

The marital status of the patient

Race / Ethnicity

Race and ethnicity categories have been chosen to match those used by the Centers for Disease Control and Prevention.

Primary Language Spoken

Providing this information makes it easier to contact non-English-speaking patients and arrange for translators

Birth Country and Arrival Date

If the patient was not born in the United States, provide the patient's country of origin and date of arrival in the US.

Incarcerated

The incarceration status of the patient. If the patient is currently incarcerated, list the facility in the comments section

Morbidity Data

Disease or Condition Name

This form should be used for all legally reportable diseases in the state of Nevada

Onset Date

The date of the first symptom experienced by the patient

Diagnosis Date

The date that this disease was diagnosed. For reports of suspect illness, enter the date the illness was suspected.

Date Admitted/Discharged

For any patients admitted to a hospital, the date of admission and discharge (if the patient has been discharged)

Deceased / Date of Death

If the patient has died, list the date of death. If known, list the cause of death under comments.

Symptoms

All relevant symptoms

Laboratory Testing

If laboratory testing has been ordered, please attach the laboratory results to this form. If relevant tests are pending, list them in the comments section, as well as the name of the laboratory performing the testing

Treatment

Treatment information is necessary for the reporting of sexually transmitted diseases, and helpful in the investigation of other illnesses. If this field is left blank, you will be contacted to provide this information

Comments

Provide any additional information that may be useful in the investigation or to explain answers given elsewhere on this form.
