# State of Nevada **List of Reportable Diseases**

Unless otherwise specified, all conditions must be reported during the regular business hours of the health authority on the first working day following the identification of the case or suspected case.

## **Nevada Reportable Diseases** §

**Amebiasis** 

Animal bite from a rabies-susceptible animal\*\*

Anthrax\*†

Any infection or disease related to an act of

intentional transmission or biological terrorism\*†

Arsenic: Exposures and Elevated Levels‡

Babesiosis

Botulism\*†

Brucellosis\*\*\*

Campylobacteriosis

Candida auris

Chancroid

Chikungunya virus disease

Chlamydia

Cholera

Coccidioidomycosis

Coronavirus disease 2019 (COVID-19)

Cryptosporidiosis

Cyclosporiasis

Dengue

Diphtheria\*\*†

Drowning‡ Ehrlichiosis/anaplasmosis

Encephalitis

Enterobacteriaceae, Carbapenem-resistant (CRE), including

Enterobacter spp., Escherichia coli and Klebsiella spp. Exposures of Large Groups of People‡

Extraordinary occurrence of illness\*†

**Giardiasis** 

Gonorrhea

Granuloma inguinale

Haemophilus influenzae (invasive, any type)\*\*

Hansen's Disease (leprosy)

Hemolytic-uremic syndrome (HUS)

Hepatitis A

Hepatitis B, acute and chronic

Hepatitis C, perinatal, acute, and chronic Hepatitis C, negative results

Hepatitis Delta

Hepatitis E\*

used.

Hepatitis, unspecified

Human Immunodeficiency virus infection (HIV)

HIV: Stage 3 (formerly known as Acquired Immunodeficiency Syndrome [AIDS])

HIV: negative results¶

Influenza associated with a hospitalization

Influenza associated with a death\*

Influenza of a pandemic risk strain\*†

Influenza of a strain that is novel or untypable

Lead: Exposures and Elevated Levels‡

Lead: All blood lead level test results in a child under 18 years of age¶

- Must be reported immediately
- \*\* Must be reported within 24 hours
- \*\*\* Must be reported within 5 days
- Must be reported when suspect Reportable in Clark County only
- Reporting of negative test results should occur through Electronic Laboratory Reporting (ELR). If ELR is not available, the CMR form on page 3 of this document can be
- Any condition identified by the CDC as nationally notifiable is also notifiable in Nevada per  $\frac{NAC}{441A}$

Legionellosis Leptospirosis

Listeriosis

Lyme Disease

Lymphogranuloma venereum

Malaria

Measles (rubeola)\*† (single case concerning for possible outbreak)

Meningitis

Meningococcal Disease\*†

Mercury: Exposures and Elevated Levels‡

Mpox (also known as monkeypox)

Mumps<sup>3</sup>

Outbreaks and Suspected Outbreaks\*†

Outbreaks of Foodborne Disease\*†

Pertussis\*\*† Plague\*†

Poliovirus infection\*†

Psittacosis

Q Fever

Rabies (human\*+ or animal\*\*)

Relapsing Fever

Respiratory Syncytial Virus (RSV)

Rotavirus

Rubella (including congenital)\*\*-

Saint Louis encephalitis virus (SLEV)

Salmonellosis

Severe Acute Respiratory Syndrome (SARS)\*†

Severe Reaction to Immunization

Shiga toxin-producing Escherichia coli (STEC, e.g., E. coli

O157:H7)

Shigellosis Smallpox (variola)\*+

Spotted Fever Rickettsioses

Staphylococcus aureus, vancomycin intermediate

(VIŠA) and vancomycin resistant (VRSA) infection

Streptococcus pneumoniae (invasive) Streptococcus, group A (invasive)‡ Syphilis (including congenital)

Tetanus

Toxic Shock Syndrome, streptococcal and other

**Trichinosis** 

Tuberculosis\*\*

Tuberculosis, Latent Infection (LTBI)\*\*\*

Tularemia\*†

Typhoid Fever\*\*

Varicella (chicken pox) Vibriosis, Non-Cholera

Viral Hemorrhagic Fever\*†

West Nile Virus

Yellow Fever

Yersiniosis

Zika virus disease

# **Confidential Morbidity Report Form Instructions**

The Nevada Administrative Code (NAC) Chapter 441A requires reports of specified diseases, food borne illness outbreaks and extraordinary occurrences of illness be made to the local Health Authority. The purpose of disease reporting is to recognize trends in diseases of public health importance and to intervene in outbreaks or epidemic situations. Physicians, veterinarians, dentists, chiropractors, registered nurses, directors of medical facilities, medical laboratories, blood banks, school authorities, college administrators, directors of childcare facilities, nursing homes, and correctional institutions are required to report. Failure to report is a misdemeanor and may be subject to an administrative fine of \$1,000 for each violation

## **HIPAA and Public Health Reporting**

HIPAA laws were developed so as not to interfere with the ability of local public health authorities to collect information. According to 45 CFR 160.204(b): "Nothing in this part shall be constructed to invalidate or limit the authority, power, or procedures established under any law providing for the reporting of disease or injury, child abuse, birth, or death, public health surveillance, or public health investigation or intervention."

## <u>Instructions for Completing the Morbidity Report Form</u>

#### **Source Information**

Provider Name/Phone Number The physician primarily responsible for the

care of this patient

Person Reporting/Phone/Fax
Provide if different than attending physician Facility/Organization
List the locations for facilities with multiple

Report Date

Report Date
The date that this report is submitted
Patient Demographic Data
Sufficient information must be provided to allow the patient to be contacted. If insufficient information is provided, you will be contacted to provide that information. Attaching a patient face sheet to this report is an acceptable method of providing the patient demographic information.
Address/County/City/State/Zip
The home address of the patient, including

The home address of the patient, including the county

Date of Birth / Age

The patient's date of birth or age if birthdate is unknown.

Parent or Guardian Name

For patients under the age of 18, the name of the person(s) responsible for the patient Phone

The home phone of the patient Occupation / Employer / School

The occupation or employer of the patient, or the name of the school attended for students Social Security Number

This information greatly assists in the investigation of cases, allowing easier access to laboratory and medical records.

Medical Record Number

A patient identifier unique to the facility or

Gender / Sex Assigned at Birth

The current gender of the patient and the sex assigned at birth

Pregnant / Pregnancy EDC

The pregnancy status of the patient and their estimated date of confinement (projected delivery date)

Marital Status

The marital status of the patient
Race / Ethnicity
Race and ethnicity categories have been chosen to match those used by the Centers for Disease Control and Prevention.

Primary Language Spoken

Providing this information makes it easier to contact non-English-speaking patients and arrange for translators

Birth Country and Arrival Date

If the patient was not born in the United States, provide the patient's country of origin and date of arrival in the US. Incarcerated

The incarceration status of the patient. If the patient is currently incarcerated, list the facility in the comments section

#### **Morbidity Data**

Disease or Condition Name

This form should be used for all legally reportable diseases in the state of Nevada

The date of the first symptom experienced by the patient

Diagnosis Date

The date that this disease was diagnosed. For reports of suspect illness, enter the date the illness was suspected.

Date Admitted/Discharged

For any patients admitted to a hospital, the date of admission and discharge (if the patient has been discharged)

Deceased / Date of Death

If the patient has died, list the date of death. If known, list the cause of death under comments.

Symptoms

All relevant symptoms
Laboratory Testing
If laboratory testing has been ordered, please
attach the laboratory results to this form. If
relevant tests are pending, list them in the
comments section, as well as the name of the laboratory performing the testing

Treatment

Treatment information is necessary for the reporting of sexually transmitted diseases, and helpful in the investigation of other illnesses. If this field is left blank, you will be contacted to provide this information

Comments

Provide any additional information that may be useful in the investigation or to explain answers given elsewhere on this form.
