

## HOSPITAL REPORTING SCHEDULE

- *Hospitals with no cases for a given month need to send a letter to the NCCR stating that there were no cases to report.*
- *All cases must be reported to NCCR on or before the Monthly Submission Due Date.*
- *Hospitals not in compliance with reporting rule will be notified of the delinquency. Each facility will be asked to develop a remedial correction plan to bring the facility back into compliance with Nevada statutes. The plan must include a statement indicating how the facility plans to stay in compliance once the current reporting year has been completed and compliance has been reached for the year in question.*
