

## NON-HOSPITAL REPORTING SCHEDULE

- *Non-Hospitals with no cases for a given month need to send a letter to the NCCR stating that there were no cases to report.*
  - *Only report a case if all procedures for this cancer are completed.*
- *All cases must be reported to NCCR on or before the Monthly Submission Due Date.*
- *Facilities not in compliance with reporting rules will be notified of the delinquency. Each facility will be asked to develop a remedial correction plan to bring the facility back into compliance with Nevada statutes. The plan must include a statement indicating how the facility plans to stay in compliance once the current reporting year has been completed and compliance has been reached for the year in question.*

Month of Diagnosis	Monthly Submission Due Date
January	June 30th
February	June 30th
March	June 30th
April	September 30th
May	September 30th
June	September 30th
July	December 30th
August	December 30th
September	December 30th
October	March 30th
November	March 30th
December	March 30th
